Experience

Software Engineer, **AmarSolution**. – Uttara, Dhaka   Apr 2025 – Present
- Built and maintained ERP modules (purchase, RFQ, invoicing, receive notes) used by internal teams and clients.
- Implemented RFQ flow to support vendor bidding and selection, increasing procurement transparency and reducing decision time.
- Developed receive-note features to track inventory receipts, improving supply-chain accuracy and reducing reconciliation effort.

Software Engineer, **Evident BD Ltd**. – Uttara, Dhaka   Jul 2024 – Apr 2025
- Collaborated with a cross-functional team to build a scalable web application using React.js and Next.js, optimizing API calls with Axios for 20% faster data retrieval.
- Debugged and resolved UI/UX issues, reducing user-reported bugs by 15% in a large-scale project.
- Followed best practices for component reusability, responsive design, and accessibility to deliver consistent and user- friendly interfaces.

Frontend Developer, **Stuneckt** – Bangalore, India   Nov 2023 – Jun 2024
- Lead the development of the Stuneckt product, taking it from concept to fully functional MVP in the social networking domain.
- Enhanced user experience by cutting page load times by 70% through server-side rendering and static site generation with Next.js.
- Designed a fully responsive website with Tailwind CSS, achieving 100% cross-device compatibility.

Projects

Attendance Keeper – (attendancekeeper.net)

Tech: React, Next.js, Tailwind, Axios
- Collaborated on the development of Attendance Keeper, a comprehensive HR and attendance management platform.
- Contributed to the implementation of key features such as clock-in/out improving overall system efficiency.
- Improved content creation workflow 40% by adding rich text editing experience.

Apple IPhone – (nabiliphone.vercel.app)

Tech: React, GSAP, Three.js (3D), Tailwind
- Created a custom video carousel with GSAP, enhancing media browsing interactivity.
- Developed dynamic 3D model rendering for the iPhone 15 Pro, showcasing customizable colors and sizes for an interactive product display.
- Built a custom video carousel powered by GSAP, delivering an engaging and interactive media browsing experience.

Education

Tejgaon College   2022 – 2026
Bachelor of Business Administration in Marketing
